Antiaging A-009 技术使用说明书(TDS)

Active ingredients	A-009	Other ingredients	None
--------------------	-------	-------------------	------

Product introduction

This product is a special antiaging, which can not only solve the problem of frost shedding of colored rubber, but also reduce and avoid the problem of excessive color difference of products before and after hydrolysis test. This product is pollution-free, does not migrate, and has no adverse effect on the physical properties of rubber. It can be applied to translucent and various colored rubber products.

Product index

Items	appearance	density	hardness	ash content	Mooney
Unit	——	g/cm ³	Sh, A	%	ML(1+4)50°C
Index	translucent	1.10±0.03	≤75	≤40%	——

Usage method

Internal mixer can provide better dispersion effect
It can also be used by open mill
Recommended dosage: 4phr- 7phr

Package specification/ shelf life

25kg/ bag
Twelve months from the date of production. If the storage is expired, it can still be used after re inspection

Attention points
